International Conference on Advanced Air Mobility Systems

The **'International Conference on Advanced Air Mobility Systems (ICAAMS)'** series is a yearly 'Joint VFS Chapters Event'. It now encompasses mainly the new and emerging Chapters in West, Central & Southeast Asia, and the Oceania. ICAAMS Series publishes **'Proceedings'** compiling 'Referred Papers' & 'Interactive Workshop Outcomes'.

ICAAMS focuses on the new emerging Aerospace Platforms referred as 'Advanced Air Mobility (AAM) Platforms', covering 'Urban Air Mobility' and 'Regional Air Mobility'. The Scope of the Conference is across Aerospace and Aviation on contemporary topic areas applicable to AAM as follows, with no deviations. Hence. **Abstracts are invited that cover any of these topics only**.

Aerospace

- Aerodynamics :Transitional flight
- Structures and Materials : Light-weight
- Propulsion : Alternate to Fuel including Hybrid
- Systems : Onboard and Offboard
- Design: : Multi-rotor or Compound

Aviation

- Operations : Flight and Ground
- Airworthiness-Regulations: Operational and Technical
- Airspace Management : Urban and Semi-Urban
- Air Transport : Planning and Economics
- Product Support : MROs and Supply Chain

Conference Schedule

- Abstract Submission : 01 Apr-31 May
- Paper Submission : 01 Jul-31 Aug
- Reviewed Paper Submission : 01 Oct – 31 Oct
- Paper Presentations : 02-04 Dec
- Workshop : 05 Dec

Abstract Submission

The Abstracts are to be uploaded at _____ (link coming up soon) as scheduled above (No later than 31 May 26) and on the Format as at Annexure

Abstracts NOT submitted on the format will NOT be considered.

: **Annexure – Abstract Format**

Abstracts are to be submitted in Word format (A4 Size, Normal Margins, Arial Font 12 and 1.5 spacing) comprising of three paragraphs only, with not more than 450 words in total, as follows:

Paper Title

Subdiscipline

Topic area

Authors and Affiliations.

Para 1 : Background and Deliverables of the program/project/research

Para 2 : Present progress status

Para 3 : Results and future work schedules

(Supporting diagrams/tables/images may be included as Annexures, duly referenced in the text of the Abstract.)

Subdiscipline	**Topic Areas**
Aerodynamics	Transitional flight
Structures and Material	Light-weight
Propulsion	Alternate to Fuel including Hybrid
Systems	Onboard and Offboard
Design	Multi-rotor or Compound
Operations	Flight and Ground
Airworthiness & Regulations	Operational and Technical
Airspace Management	Urban and Semi-Urban
Air Transport	Planning and Economics
Product Support	MROs and Supply Chain
Educations and Training	Diploma and Undergraduate Curriculum
Artificial Intelligence	Application areas on AAM Systems

ICAAMS -4 – VFS Interchapter Organising Committee

VFS UAE Chapter will host the Conference at Dubai in the American University Dubai Campus, duly supported by VFS Chapters in West, Central & Southeast Asia, and the Oceania.

Convenor	: Australia – Arvind Sinha
Chair	: India - Vijaya Kumar Mudubagilu
Vice Chair	: UAE – David Holmes
Deputy Chair	: Thailand - Auraluck Pichitkul
Program Chair	: India – Bharath Govindarajan
Keynotes Chair	: UAE – Wael Baazi
Technical Chair	: UAE – Cary Atkins
Sessions Chair	: Singapore – George Brian
Presentation Chair	: Australia – Aditya Paranjape & Vicky Chang
Workshop Chair	: UAE – David Holmes
Webpage Chair	: Thailand – Issareephat Kanishthanonda
Advisory Chairs	: Mike Hirschberg (USA) and Somen Choudhury (Canada)
